

Scientific Process

VARIABLE PROJECT

Dear Fifth Grade Students and Parents,

Our class has completed our science unit on VARIABLES.

We also have learned about the “Scientific Process”. I would like to see what YOU could do with it now!

You will do your project at home. You will need to record your process and display on a display board. As you know, our experiments usually took less than an hour and we were able to collect lots of information from it.

PROJECTS are DUE on Thursday January 12th

Name: _____ Title of Project: _____

	Points Possible	Points Earned
Project tested variables	20	
All stages of the Scientific Process were recorded and displayed (with pictures)	40	
Results were displayed on a two-coordinate graph	20
